

27' & 30' 3-Point DRILLS

MODELS
2700
3000

We like to think of them as the work horses in our three-point line-up. The large capacity seedbox in combination with their broad working width create a min-till seeding system capable of covering a significant amount of acres in a day.

The "00" series opener features precise seed placement and superior depth-gauging capability. Offset double-disk openers penetrate the soil while heavy-duty down-pressure springs hold the openers firmly in the ground, even at higher speeds. Our seed tube and flap releases the seed at the bottom of the seed trench for excellent depth control. Opener configuration for 30", 40" and 60" beds are available. If versatility and performance are what you're after, then the 3P-2700 or the 3P-3000 is your choice of grain drills.

OPENER STAGGER

All openers are staggered 7" for maximum residue flow. You can easily access the openers from the rear of the machine. Hence, no more climbing under the drill to make routine depth adjustments.

FLUTED FEED CUP

The exclusive Great Plains fluted feed cup delivers outstanding accuracy with a large variety of seed shapes and sizes. The seed cup design maintains precise delivery in fast or slow drilling conditions.

RUGGED GROUND DRIVE

Rugged and reliable dual ground drive has been proven over millions of acres.

Great Plains

27' & 30' 3-POINT DRILL SPECIFICATIONS

4-Speed Sprockets

Acremeter

Walkboard and Ladder

Safety Lighting Package

Fluted Feed Cup

Weatherproof Lids

V-Bottom Dividers

Opener Stagger

Air Design Scrapers

Dual Gauge Wheels

Bedded Irrigation

FEATURES & BENEFITS

Feature	Benefit
4-Speed Sprockets	Provide excellent metering on a large variety of seed shapes and sizes.
Acremeter	Precise meter accurately keeps track of the acres covered.
Walkboard and Ladder	Wide non-skid walkboard and ladder provide easy access the full width of the machine.
Safety Lighting Package	Provides a high level of visibility and safety during transport.
Fluted Feed Cup	Provides gentle and even delivery of a wide variety of seed sizes and shapes.
Weatherproof Lids	Hydraulic lid protects seed and fertilizer from the elements.
V-Bottom Dividers	Provide even and complete seedbox clean out.
Opener Stagger	A full 7" opener stagger provides maximum residue flow.
Air Design Scraper	Tungsten carbide cutting edge out lasts standard scrapers. (Optional)
Dual Gauge Wheels	Provide extra flotation for less compaction. (Optional)
Bedded Irrigation	Allow planting on bedded irrigation fields. (Optional)

OPTIONAL EQUIPMENT

Press Wheels (pg. 5)	Markers	Air Design Scrapers
Fluted Seed Cup Plugs	Depth Bands	Dual Gauge Wheels
Small Seeds Box	30", 40", or 60" Bedded Irrigation	

SPECIFICATIONS

Model Name	2700			3000		
Row Spacing	7"	8"	10"	7"	8"	10"
Number of Openers	44	40	32	48	44	36
Weight*	5,239 lbs.			5,817 lbs.		
Working Width	27'			30'		
Transport Width	27' 3"			30' 3"		
Transport Clearance**	1' 5"			1' 5"		
Height	55"			55"		
Length	N/A			N/A		
Seedbox Capacity	54 bu.			60 bu.		
Tire Size	9.5" x 15"			9.5" x 15"		
Opener Travel	6 1/2"			6 1/2"		
Opener Depth	0" to 3 1/2"			0" to 3 1/2"		
Opener Down-Pressure	90 lb. To 180 lb.			90 lb. To 180 lb.		
HP Requirements (est.)	160 min.			170 min.		

*Note: Weights based on 7.5" spacing and will vary depending on options.

**Transport clearance will vary depending on tractor.
