Planting time is critical. The last thing you need to worry about is your no-till seeding system. The 30' Folding No-Till from Great Plains features high flotation that puts you in the field well ahead of the neighbors. Once you're in field, the large 2.1 bushel per foot seed box keeps you there. And, Great Plains fluted feed cup provides the versatility to plant a wide variety of seed at the rate you select.

Looking for increased productivity? Great Plains two-section no-till drills are the fastest fold-for-transport drills in the industry. Cab mounted electro-hydraulic control console makes folding for transport an easy and efficient task. Great Plains offers the kind of time-saving efficiencies a busy farmer like you deserves.

## 30' 2-Section No-Till Drill Specifications

Model Name	2N3010		
Row Spacing	7.5" (19.05cm)	8" (20.32cm)	10" (25.40cm)
Number of Openers	48	44	36
Weight	20200lbs (9181kg)		
Working Width	30' (9.14m)		
Transport Width	17' 1" (5.20m)		
Transport Clearance	17" (43cm)		
Height	8' 4" (2.51m)		
Length	24' 2" (7.36m)		
Seed Box Capacity	60.6bu		
Tire Size	12.5 x 15" (31.75 x 63.5cm)		
Opener Travel	11" (27.94cm)		
Opener Depth	0 to 3.5" (0 to 8.89cm)		
Opener Down Pressure	100 to 140lbs (45.36 to 63.50kg)		
Coulter Depth	0 to 6" (0 to 15.24cm)		
Coulter Pre-load	450lbs (203kg)		

**Note:** Weights based on 7.5" spacing and will vary depending on options. Transport clearance will vary depending on tractor.

## Folding Sequence

Great Plains is known for dependable folding drills. With our folding no-till, simply fold for transport without leaving the tractor seat.

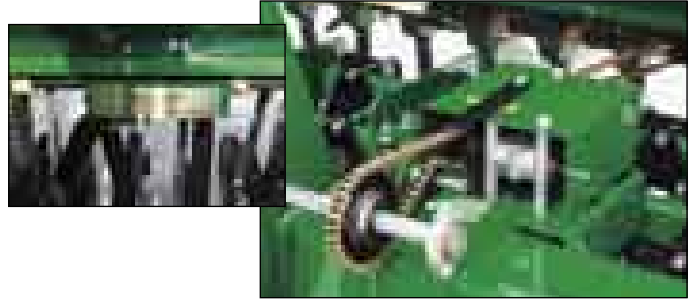

## Grease Bank

Attention to detail makes a difference. We've engineered the Folding No-Till with conveniently located grease banks that let you grease the entire machine from 2 locations. No more crawling under the machine looking for those hard to find zerks.

## Four Speed Gearbox

Make seed rate changes easily with the speed-change gearbox. The four-speed gearbox coupled with the seed cup adjustment lever provides excellent metering for a large variety of seed. The metering rate can be quickly and conveniently adjusted from two locations.

## Large Capacity Box

Large capacity seed boxes hold over two bushels per foot. Sturdy steel walkboards and step make seed box filling quick and convenient.
